

Hi David,

Just writing to inform you that my kitchen remodeling project has finally completed. I have attached pictures for your information.

I must also say that your professionalism and commitment to excellent customer service is beyond reproach. I have never heard of a cabinet maker delivering high quality hard wood cabinets within two weeks of placing the order. Your work ethic and assistance far exceeded my greatest expectations. Without question or hesitation I would absolutely refer you to everyone and anyone I know in need of wood cabinetry. The cabinets are superior quality, well constructed, and your prices are extremely reasonable. I am so glad I found you and I look forward to working with you again on my future home improvement projects.

It was truly a pleasure working with you

Sincerely,

Lennox & Michelle Armstrong  
Baldwin Harbor, New York
